

# WHAT OUR STAFF SAY ABOUT WORKING WITH US

It's a great place to work. It's a lot of fun. Everyone is really friendly.

It is an amazing family environment and staff are listened to and valued.

You are made to feel so welcome.

Safeguarding is important to protect yourself and the children.

I have always felt supported and enjoy supporting the children. I should have worked at MSF years ago.

We have great teams who will empower you to gain skills and knowledge as well as being a friendly, happy and fun group of staff.
